Education

**Feb 2014 —
Nov 2017**

QUEENSLAND UNIVERSITY OF TECHNOLOGY
Bachelor of Information Technology / Bachelor of Creative Industries
- » Majored in **Computer Science** and **Interactive & Visual Design.**

Experience

**Dec 2017 —
Jun 2019**

POPGUN / FT
Product Designer & Developer
- » Designed and explored potential "creation tool" user experiences and interfaces built on AI technology.
- » Informed direction through successful showcase of low-fidelity audio/visual prototypes to investors.
- » Developed experimental, internal applications in JavaScript (Vanilla, ReactJS) and Swift (for iOS, MacOS) for user testing.
- » Allowed users to accomplish their goals approximately twice as fast by designing and developing improvements to the experimental Swift application based on user feedback.
- » Established and documented structures and systems around releases, tracking of tasks and feedback.
- » Standardised professional practices for product and adjacent teams, facilitating better communication and faster workflow.

**Mar 2017 —
Dec 2017**

POCKETS OF BRILLIANCE / PT
Student Designer & Developer
- » Mapped user flows and constructed high fidelity prototypes.
- » Delivered front end of online platform for survey creation (ReactJS).

**Jan 2017 —
Dec 2017**

MICROSOFT INNOVATION CENTER / PT
Program Manager
- » Solidified the Innovation Center's image and operating model
- » Created processes, collateral and/or programs where gaps existed for startups entering Microsoft partner ecosystem

**Jul 2015 —
Dec 2016**

FREELANCE / PT
Web Designer & Developer
- » Created long-standing branding and assets for companies, student societies and events (Adobe Suite)
- » Built websites for companies, educating and documenting for non-tech customers - with HTML/CSS, and/or Wordpress

**Jul 2016 —
Oct 2016**

PITCHBLAK / PT
Intern Developer
- » Built a markdown blog platform (ExpressJS, Pug)
- » Implemented landing page designs by customising Squarespace websites with JavaScript

Jessica Barron

Developer & Designer
BRISBANE, AUSTRALIA

Summary

I'm a developer with a design slant and product focus.

I've spent the last 18 months building high-tech prototypes in JavaScript and Swift, and am now open to new opportunities! Looking for roles in front-end development with design and product input, with potential to expand my skillset to full-stack.

Skills & Tools

DEVELOPMENT
JavaScript (incl. ReactJS, ExpressJS, TypeScript), Swift (incl. RxSwift, UIKit, AppKit), Git

PROTOTYPING
Figma, Sketch

DESIGN
Adobe Photoshop, Adobe Illustrator, Adobe After Effects, Adobe Premiere Pro
